POSBANK®

POSMO™ III

Versatile and Space-Saving

The POSMO™ III is a compact touchscreen monitor featuring the same modern look of the APEXA® G and compact body with small footprint to save valuable counter space. Industrial-grade LED LCD panel offers bright and crisp images, extended product life and energy efficiency. Its stable base stand, adjustable viewing angle and integrated MSR/IC reader make it versatile solution for Point-of-Sale or Point-of-Information environments. It can be placed above or on a counter and on a wall.

POSBANK®

POSMO™ III

Versatile and Space-Saving

- 15" TFT LCD with LED Backlight
- PCAP Touch or Optional Resistive Touch
- Bezel-Free True-Flat Display
- Resolution up to 1024 x 768, Brightness 300 cd/m²
- Compact Design for Limited Counter Space
- Countertop or Wall Mountable
- Interactive Digital Signage, Kiosk Solution, POS solution

Superior Touch Display

With 15" TFT LCD and up to 1024 x 768 resolution, the POSMO™ III delivers more vivid and clear image. Its PCAP touch provides fast and accurate touch response. LED backlighting of the POSMO™ III enables lower power consumption.

Versatile Solution

Removable base stand and mounting options supported by VESA standard make installation more flexible. On a wall or a counter or on a shelf or a pod, the POSMO™ III is best suited to meet a variety of POS and interactive solutions. (Point-of-Sale, Kiosk for Point-of-Information, and digital signage.)
