

NUROL POS INTERNET FAILOVER PROTECTION

What does it cost you every time your internet goes down?

- Not being able to process credit cards causing lost sales and walkouts
- Having to give away product for free to keep customers happy
- Disruption to your business

With the NuRolPOS Wireless Failover Solution, when your internet goes down the NuRolPOS failover router seamlessly switches your internet service over to a high-speed cellular connection. When service is restored, it automatically switches back to your regular internet connection. This all takes place within a matter of seconds resulting in almost no disruptions in service.

Pricing:

Purchase for \$299.00 and \$39.00 per month Cell Service Charge.

** Includes 1GB of failover data. Additional 1GB Data -\$39.00 per.

Contact NuRol at 1-800-390-6623 for additional information.
